Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Friday 29 Oct 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Heavy rain, strong winds, and further flooding possible in places.

Today:
There will be continued outbreaks of rain, locally persistent and heavy during the morning. Becoming drier during the afternoon but still a risk of heavy showers. Cooler, with much lighter winds than of late. Maximum temperature 14 deg C (57 deg F).

Tonight:
Showers easing into the evening, allowing skies to turn clear for a time. Overnight the next band of rain moves in from the west, turning occasionally heavy in places. Minimum temperature 6 deg C (43 deg F).

Saturday:
The band of rain will clear eastwards through the morning this will be followed by a mixture of sunshine and showers, heaviest in the far west. Maximum temperature 13 deg C (55 deg F).

Outlook for Sunday to Tuesday:
Staying unsettled throughout the period, with further rain, heavy at times, interspersed with some drier and sunnier spells. Often windy, and feeling cold.
